SUMMARY

Driven and resourceful Full-Stack Developer and Machine Learning Engineer with hands-on experience building modern, scalable web and mobile applications using technologies like TypeScript, React, Flutter, Tailwind CSS, and Express.js. Strong foundation in AI/ML principles including supervised and unsupervised learning, regression, classification, and exploratory data analysis, with multiple certifications from IBM and other global programs. Proficient in backend development, database design, cloud fundamentals, and DevOps workflows. Passionate about leveraging AI to solve real-world problems, with a growing portfolio of innovative personal and collaborative projects. Skilled communicator, agile team player, and quick adopter of new tools. Actively expanding expertise through training programs such as Power Learn Project and NITDA's Cisco Academy.

EXPERIENCE

Customer Experience and Technical Support Staff

WorkCentral

September 2024 - March 2025, Novare Mall, Zone 4, Wuse, Abuja, Nigeria

- Provided technical support and assisted customers, ensuring timely resolution of issues and improving customer satisfaction.
- Developed troubleshooting skills and effectively addressed a variety of technical concerns.
- Streamlined internal knowledge base resources to facilitate quicker issue resolution for both customers and team members, elevating overall service efficiency.

EDUCATION

Ordinary National Diploma (OND) in Mechanical Engineering

Minor in N/A • Federal Polytechnic Nasarawa • Nasarawa, Nigeria • 2023

- Completed a rigorous curriculum with a focus on applied mechanical systems, thermodynamics, and technical drawing. Demonstrated strong problem-solving and analytical skills throughout coursework and practical projects. Developed a growing interest in technology integration, which led to a transition into software engineering and AI after graduation.

SKILLS

Core Technical Skills: TypeScript, JavaScript, React.js, Next.js, Express.js, Node.js, Vite, Webpack, Tailwind CSS, ShadCN UI, Drizzle ORM, Prisma, REST APIs, JSON, Git, GitHub

AI/Machine Learning: Python (pandas, scikit-learn, matplotlib), Supervised/Unsupervised Learning, Regression, Classification, EDA, TensorFlow

Databases & Backend: PostgreSQL, MongoDB, Firebase, Drizzle ORM, Supabase

Web & App Development: Full-Stack Development, Flutter/Dart, PWA, API Integration, Responsive UI/UX

Cybersecurity & Enterprise: IBM Z Systems, Security Best Practices, Cloud Fundamentals

DevOps & Tools: GitHub Actions, Postman, VS Code, Replit, Render, Netlify, Vercel

Soft Skills: Teamwork, Communication, Time Management, Agile, Customer Support
